March 7, 2019

Dear Sisters and Brothers,

We have arranged a pulmonary screening for asbestos exposure. There are no out of pocket costs for the screening which should take only 10-15 minutes to complete. The screening will take place at **UAW Local 95, 1795 Lafayette St., Janesville, WI, 53546 on Tuesday April 9, 2019, Wednesday April 10, 2019 and Thursday April 11, 2019.**

Accurate Medical Diagnostic will conduct the asbestos screening. The screening examination will consist of a chest x-ray and interpretation by a B-Reader physician certified to interpret x-rays for asbestos related diseases.

To qualify for this screening the following requirements **must** be met:

1. You **cannot** have an asbestos case pending with any law firm.
2. It **must be** at least 2 years since you were last screened for an asbestos related disease.
3. **You must have begun working (or if you served in the Navy) in 1979 or earlier and you must have 5 years of industrial exposure.**
4. You must call **1-888-839-8479 (Toll Free)** to schedule an appointment with **Sarah LaQuatra Ext. 1941 or Joe Ryzner Ext. 6974** during the hours of 9:00 a.m. to 5:00 p.m. Monday through Friday. If they are unavailable, please leave a message and they will return your call.

There will be a representative from a Cleveland law firm, experienced in handling asbestos related cases, to consult with you in the event you have questions or concerns. Each participant in the screening will be given a written report from a qualified B-Reader physician **shortly after the screening** to advise you of your results. Members are under no obligation to sign on with any Law Firm and doing so is a member's individual and personal choice.

If you have tested negative for an asbestos related disease in the past, it is very important that you be re-tested every 2-3 years.

In Solidarity,

Tom Brien, Retiree Chair
UAW Local 95
